## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. The following is a statement of reasons for the indication of allowable subject matter: Claim 1 is allowable over the art of record because the prior art does not teach an adjusting cover for covering the antenna and operable to adjust the detection area to one of different shapes, the adjusting cover being selectable from a plurality of adjusting covers to be fitted to the object detecting device one at a time, and in combination with the remaining claimed limitations.

### ***Conclusion***

2. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. The patents to Melucas, Theodore, Hallendorff, Nakamura et al., and Huor are cited as of interested and illustrated a similar structure to the object detecting device.
